Everyone, There was a late change to the Doodle poll from a few folks and it now looks like 4-5 pm ET today works better for most. The topic today will be EPA comments/questions on the USGS PPT presentation.

Tomorrow's call is scheduled at 2-3 pm ET (Noon MT and 1 pm CT). The topic tomorrow will be the USGS comments/questions on the revised EPA presentation.

USGS is working on our set of anticipated questions and draft answers and we hope we can exchange these documents on Monday and hold a call if needed. We can decide that tomorrow.

I will send the USGS PPT shortly and information on a Webinar that you can use your browser to access. That way we can view the presentations together.

Everyone, If at all possible, please complete the Doodle poll in the next 45 minutes so we have this information for a meeting this afternoon, per Jose.

I have to leave at 2 pm ET (an hour from now) so I am hoping to have a good idea by then who is and is not available for more calls this week .
